Inspection

Type: ROUTINE INSPECTION

Date: FEB-12-2003

2.40 (a)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

(a) Each dealer or exhibitor shall have an attending veterinarian who shall provide adequate veterinary care to its animals in compliance with this section.

(1) Each dealer and exhibitor shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the dealer or exhibitor; and

Found that the last recorded date on the Program of vet care was 2-4-02. Vet is to be on premises each 12 months. Record date of visit with signature of vet and replace in your USDA file. Correct by 3-12-03.

3.4 (b)(4)

OUTDOOR HOUSING FACILITIES.

(4) Contain clean, dry, bedding material if the ambient temperature is below 50 deg. F (10 deg. C). Additional clean, dry bedding is required when the temperature is 35 deg. F (1.7 deg. C) or lower.

Found the large dog whelping house on north east corner of kennel area without heat and 1-3 dogs present, also the housing under the south east corner of the north building with 5 houses were without bedding. Both areas had laser temperatures of 1-2 degrees fahrenheit. Plug the drains and supply bedding and maintain this bedding clean and dry until the temperatures are consistently above 50 degrees fahrenheit. Correct by 2-13-03

3.11 (c)

CLEANING, SANITIZATION, HOUSEKEEPING, AND PEST CONTROL.

(c) Housekeeping for premises. Premises where housing facilities are located, including buildings and surrounding grounds, must be kept clean and in good repair to protect the animals from injury, to facilitate the husbandry practices required in this subpart, and to reduce or eliminate breeding and living areas for rodents and other pests and vermin. Premises must be kept free of accumulations of trash, junk, waste products, and discarded matter. Weeds, grasses, and bushes must be controlled so as to facilitate cleaning of the premises and pest control, and to protect the health and well-being of the animals.
